

VANIX

VANIX Drop The Dead Duck

Vanix held its first customer event at the Priory Events venue in the Surrey Hills, the customers were treated to a day of fun and activities, in magnificent woodland and countryside.

The day was supported by key staff and suppliers, with excellent advice from qualified instructors to assist all the participants, and concluded with a prize giving ceremony for best team and individuals.

The events themselves represented the service qualities Vanix deliver today to their customers;

Quad Biking

the importance of agility and capability

Blind 4 x 4 Driving

the importance of listening and communication

Clay Shooting

the importance of responding quickly and effectively

We look forward to holding the next event very shortly, were we can welcome back those who attended and those who could not join us on the day.
